

## Brand new Citation XLS 2008

## Citation XLS

## Citation XLS

- Midsize, stand-up cabin comfort and 433 knot (800 km/h) speed without sacrificing the operational ease, economy and mission flexibility of a straight-wing business jet. That's the XLS.
- This Citation climbs directly to 45'000 feet (13'700 m) in just 29 minutes and has a range of more than 1'800 nautical miles (3'300 km). The XLS offers a spacious cabin as wide and tall as even the largest Citations.
- And still use runways as short as 3'560 feet (1'100 meter) No wonder it's today's most popular business jet.

## Specifications Citation XLS

### Cabin

<b>Passengers</b>	<b>8 - 9</b>
